NEW BUSINESS

Discussion of need for snow slide stops on steps at the 300 yard range.

Jim Rector wants to put a flag pole up at the 300 yard range. Location for flag pole was discussed. Thank you Jim!

Discussed a new building to store archery targets and a potential indoor range for pellet guns, and a meeting area. New building would be 100ftx60ft. Also discussed placing a concrete slab at the 300 yard range for a picnic area.

OLD BUSINESS

Fencing off a area adjacent to the conex at the pistol pits, to enclose the barrels, is still in the works. The barrels are used as props by the pistol disciplines and continue to be shot/vandalized. Please do not shoot or use the barrels for target stands! Use the wooden target stands and uprights provided in each bay.

No progress in the land swap deal with the forest service.
