Bench Rest discipline director: Gary Van Leir, report given by Frank Taggart, attendance was down, but shooters were present from Tri-Cities, Montana and Idaho.

Old Business

Club now has 465 members

Both ranges were mowed by Darrel Plank, Chuck S. and Dave Bingner. Thank you

gentlemen for being such a support to the gun club! The club couldn't survive without the help of the members and all their volunteer hours they donate.

Work will begin on the 300 yard score shack, club members will be doing the work. Work party will be scheduled, watch for the email.

Kauffman will be begin work on the new toilets.

Dust abatement continues to be a ongoing problem on Rankin Road. Please slow down when traveling on the dusty road! You may not realize the amount of dust that is generated by your vehicle. It makes for a unpleasant situation for all those in attendance on those ranges! Dick Hohstadt will inquire with the county to see if they will treat the road for dust abatement. The cost for the club to privately pay for dust abatement is \$2.50/linear foot, approximately \$1,800.00.

Also.... continuing/ongoing problem with the barrels used for props at the pistol range being shot, including the ones CLEARLY marked " Do Not Shoot"!! It is difficult for me to understand the need to shoot the barrels, the target stands, glass bottles, etc. Practical pistol directors suggest a fenced in area for the barrels to keep them in a less accessible area. The barrel "corral" will be built in the near future. In the meantime, please do not shoot the barrels!

Discussion regarding purchasing a new mower vs. renting.

Added note: Volunteers always needed for club activities, contact Darrel Plank. Contact your discipline director to assist with set up or tear down of the matches.

ATTITUDE IS A LITTLE THING THAT MAKES A BIG DIFFERENCE.
