

LGRPC 22 Benchrest match 8/12/23

We had 8 shooters for the match and the shooting conditions were very good. The unlimited class had 6 shooters and there were 2 in the sporter class. After the main match we shot an old Army training target for 50 foot range but we shot it at 50 yards. You had to wipe out the 10 ring to get an X. There were not many Xs!

Comments

Dennis had taken his rifle apart to Ceracoat (sp?) it and must have left out or misplaced something. He will find the problem and be back soon I am sure. I think that was Martin's best score so far.

Our last match of the season will be Sep 9
