

August 22 Long Range Sils

Well we had 8 shooters this month and some strange things happened. Dennis had a bad day nuthin was workin for him. Says he might have to build a new gun. I thought I really had a good day but only ended up one half point ahead I thought I only had 21 but when we went out to see there was less than one half of a bullet hit that could not be seen from 300 yds so I took a half point and that put me ahead . So there HA.

RESULTS

Darrel	21/ 1/2
Cris	21 tie breaker
Dick	21
Dennis	18
Justin	17 tiebreaker
Martin	17
Dave	16
Marsha	13

I thought this would be the last shoot but it seems there is interest for one more so we will see what happens.
