

Black Powder Nuze - August 2023

Well it was a warm day but good for shootin. We had 9 shootes this month, gettin ready for rony I guess. We started with hand guns at a awful target. Every body hates it It has 10 different things on it like a feather a card an x, a pipe a small bull and other hard to hit goofy things, anyway Sunshine cleaned up on us. 100 pos points.
